Audit Management

Own your audits.

Are audits taking up too much of your time? Or disrupting the workflow of others? They don't have to be stressful or frustrating. You can improve efficiency, streamline collection to reporting, and simplify both your internal and external audit processes. Virtual Guardian GRCx Audit Management can help you create an audit universe customized to meet your unique business needs.

This cloud-based platform provides a centralized audit management solution that brings together multiple internal teams and automates audit and controls risk assessments, plans, projects, work papers, and more. It's time to take control and own your audits from start to finish.

Say goodbye to audit anxiety.

We're here to help. Our experienced team will compile a list of your auditable entities and create an audit risk assessment based on that list. We'll use the Virtual Guardian GRCx Platform powered by Onspring to deliver a custom solution for your organization to help you automate your audit process. Free yourself and your staff from scrambling to update spreadsheets and find emails.

SEE YOUR WORLD

By creating an audit universe, you'll have visibility across your entire operation and be able to easily evaluate audit risks and update plans in real time.

COLLABORATION IS KEY

With audit risk assessments, audit plans, audit projects, audit white papers, and board level audit reports centralized, teams can collaborate across your organization, saving time and money.

YOUR BUSINESS, YOUR PLAN

Every business has unique operating processes. That's why we configure your audit program to fit the way you work, not the other way around.

REST EASY

Achieving a quick time to value is possible because we're experts in adaptation. We can fit our NaviLogic GRCx Audit Management platform to your process.

Ready to take control and own your audits?
